Bicycle & Pedestrian Safety
Be on the watch for Bicyclists & Pedestrians and all times while driving. Stay Alert & Expect the Unexpected as they could pull or walk into your lane at any time. Safety is a two-way street and often, pedestrians & bicyclists are not paying full attention to their surrounding when they’re out in public.

Smith System
Using the 5 Keys to the Smith System can greatly reduce the likelihood of being involved in a preventable incident with a bicyclists or pedestrian.

Remember to:
